SPECIAL PRICES ON QUANTITIES

KNOWN for YEARS
THE EXCELLENT QUALITY OF
O & M Northern Ohio Grown
SWEDISH TYPE SEED OATS

They can be sown one-half bushel per acre less than common seed oats which results in a reduced cost. Many report yields of 70 to 90 bushel per acre. They produce strong, healthy, vigorous plants that stool heavy and result in a larger crop of big, heavy grain, thin shuck and stiff straw that seldom lodges. No complaint of smut or weed seeds has ever been received from buyers. They are cleaned over four special seed oat mills, making a perfect separation.

Write for delivered prices either bulk or sacked.
